

Red means registration and background check is completed, blue is testing part 1 test and part 2 test for ref/starter (if their name is in blue twice they have done both tests, if only once then only stroke and turn test done). The all Red with no school means the registration process was not finished. The grey is what I got off uhsaa site after this list was generated. I can only assume what was done because it does not show red/blue. Robyn Peterson 801-404-6994
